

Muscle Hill and Walner 2019 BREEDING SCHEDULE

STANDING AT:

PLEASE CALL FOR SEMEN REQUESTS: Phone: 609-737-9067 Fax: 609-737-2481

www.Southwindfarms.net

BREEDING DAYS – Beginning February 4th, 2019 and ending July 6th, 2019 Muscle Hill and Walner will be collected Monday, Wednesday, Friday and Saturday.

All semen requests must be made by **3:00pm (Eastern Time) the day BEFORE collection.**

Confirmation and Cancellations must be made on the breeding day by 10 am. Please call us Saturday and/or Sunday for semen needed Monday. **WE WILL NOT BE TAKING SAME DAY SEMEN REQUESTS, PLEASE CALL THE DAY BEFORE TO GET YOUR MARE ON THE LIST.** Mares that are not on the list/late call in/or repeated breeds on the same cycle, will be the first to be removed if the stallion is overbooked for that breed day. We will keep in communication with you but it is your responsibility to have you mare on our list according to the schedule. Call-in times will be **STRICTLY** enforced and are non-negotiable.

COURIER AND LOCAL SEMEN PICK TIME: 10:45 AM AT SOUTHWIND FARM.

(In the event that you require semen to be picked up earlier please tell us and we will try to accommodate you.)

Mares will be covered no more than 1 time per heat cycle.

If you require semen a 2nd time, please call Southwind Farms. In the event we have extra semen, we will honor your request. If your request is declined please keep in mind Muscle Hill and Walner have excellent longevity and it is not uncommon to have pregnancies from ovulations post 48 hrs from being bred.

Please be sure that your mare is on the list the DAY BEFORE COLLECTION, IS READY TO BE BRED and ALL PAPER WORK IS ON FILE!!!

SEMEN SHIPPING – Same day semen shipment ONLY VIA airport, courier or local pick up. You are fully responsible for all expenses and for making the arrangements with a courier and airlines. No overnight shipments. As always Trailer breeds are also accepted. **When using a courier AIRLINE service, PLEASE contact the service for their pricing, paperwork requirements and flight times (SEVERAL DAYS) before your mare needs to be bred.** Some services have a 2-4 day grace period for account approval. We can recommend several local couriers.

***Canadian Shipments—there will be **No Canadian shipments** at this time, due to USDA location and paperwork issues, it has become very difficult to ship same day semen to Canada from NJ. If you are a Canadian client we highly recommend that you make arrangements for you mare to ship to the USA. We apologize for any inconvenience and if we can assist you in any way please contact us.

MANAGING FARMS & PERSONNEL – We highly recommend controlled estrous cycles and induction of ovulation when possible with HCG /Deslorine/histrelin. Having an experienced Veterinarian or personal following your mare's cycles via Palpation or Ultrasound is a very important. These are small mare management recommendations that can be the difference between a barren mare and an in foal mare.
